

Discovery Lane Day School Referral Program

- Special referral program for 2011-2012 school year. For each new student you refer to our program, you will receive 10% off your tuition*. If the tuition of the referred student is less than your tuition, then you will receive a discount equal to 10% of the referred student's tuition*.
- Maximum total discount is 100% of your tuition!
- Discount will be assessed monthly for the 2011-2012 school year.

*Note. In order to receive a discount, you must have a child actively enrolled and your account must be in good standing. Also you must be listed as the "referred by" on the referred students application at the of submittal. This discount is valid as long as the referred student is active and their account is in good standing. Only new students for the 2011-2012 school year are eligible.

Conveniently located in the new Parkway Business Center in Spring Hill

Academic Preschool and Kindergarten

Dedicated to supplying the highest quality early childhood education by working to develop each child's full potential in a secure, nurturing, and academically rich environment

2011 Information and Application

Who We Are

We are Spring Hill's premier kindergarten and preparatory program. **We are not a traditional day care.** We are an academic school designed to provide your child the learning experiences, social interaction, and creative discoveries that will encourage them to grow and prepare them for years to come.

Director/Owner

Wendy Lane, M.S. Library and Information Sciences, B.S. Elementary Education, Licensed Teacher, States of Tennessee and Alabama. Experienced teacher of Pre-K and 1st Grade.

Our Staff

We have a wonderful staff of degreed and experienced teachers who all receive continuing education and development credits throughout the year.

Why Children Need Quality Pre-K

From The Official Web Site of the State of Tennessee:

- Studies show that children who participate in high-quality early childhood education develop better language skills, score higher in school-readiness test and have better social skills and fewer behavioral problems once they enter school.
- A child's ability to be attentive, focused and follow directions emerges in the early years. Structured early learning fosters these abilities for later success in school and life.
- The human brain develops more rapidly between birth and age five than during any other subsequent period.

**Our operating hours are:
Monday - Friday
9am to 3pm**
